Professor M.S. Swaminathan

Founder Chairman, M S Swaminathan Research Foundation

Third Cross Street, Taramani Institutional Area

Chennai - 600 113

Respected Professor Swaminathan,

Time really flies! I recall the day when I read that you have established a Foundation. Already, the your Foundation (MSSRF) is celebrating its 30th Anniversary. I cannot honestly say that I have closely followed the work of MSSRF during the past three decades, but I have, from time to time, learnt of the important work that was being carried out by MSSRF in areas of sustainable agricultural development and improving the health and well-being of the poorer section of our society and of women. I have also known that MSSRF works at the grassroots level and has been able to innovate eco-friendly technologies that have generated employment and is saving our environment from degradation. MSSRF's accomplishments have made us very proud!

The Foundation has grown well and comprises very dedicated people at the scientific, administrative and implementation levels. I am sure MSSRF will go a long way and help our society develop in a sustainable and wholesome way, and make our environment become more green.

Happy 30th birthday, MSSRF!

With best regards,

Sincerely yours,

Partha P. Majumder
